Agenda and Evaluation

Agenda

Breakout Sessions

Evaluation

Satisfactory Completion Statement

To earn ASHA CEUs, learners must submit documentation of courses attended and complete the conference evaluation

Process for Receiving CEU Credits

In person - There will be an attendance sheet that will be used and attendees must write down a code corresponding to the session they attended. At the end of the conference attendees will indicate the required credit type on the card and must turn it in to SRESA. SRESA will then submit it to the appropriate organization for the attendee to be awarded ASHA Credits.

Virtual – The virtual conference will be taking place in Conference Tracker from November 11th – November 30th, 2026. Conference Tracker will keep up with who watched each presentation and send us a report at the close of the conference. This will let us know how many credits they received during the virtual conference.

Financial Disclosure

All presenters have no financial interest.

SRESA Financial Benefit

SRESA is receiving a facilitation fee to facilitate the ADHD and Related Concerns Conference.

SRESA Commercial Support

SRESA is receiving no commercial support related to facilitating the ADHD and Related Concerns Conference
